

Altrofix™ W157

Water-Based Acrylic Adhesive

Features and Benefits

- Recommended adhesive for Altro Whiterock Wall Panels
- Low VOCs and complies with SCAQMD # 1168

Applications

Altrofix W157, one-part water-based acrylic adhesive is recommended for the installation of Altro Whiterock Wall panels over clean, dry, absorbent and sound wall surfaces.

Specifications

Apply an even coating of Altrofix W157 adhesive to the entire back of the sheet using the appropriate notched trowel. Adhesive spread rate and coverage is approximately 5 Whiterock panels per pail.

Please consult the Altro Installation Practices and Detailing Guide for proper installation Instructions.
